Global School Play Day

On Wednesday, February 5th our school will be joining thousands of schools across the world by participating in Global School Play Day February 4, 2015, was the first annual Global School Play Day for students in schools around the world. In year one, over 65,000 students participated! Over 177,000 students took part in 2016. In 2017, over 283,000 kids celebrated Global School Play Day. In 2018, over 385,000 students from 58 nations participated. In 2019, just the 5th year of the event, 535,690 from 72 nations played. Can we reach 1,000,000 students in 2020? We think so! In his [TEDx lecture](#), Peter Gray clearly argues the case that today's kids do not grow up playing and this has negatively impacted them in many ways. It's time we return the gift of play to this generation. Look for more information to follow about this awesome day of play that we have planned!
